6.Discussion of other Miscellaneous subjects.

(1.) These applications for agricultural subsidies to be sent approved. The R.W.O. pointed out that as the Agricultural Department was not able to supply agricultural implements and manures to the ryots last financial year a large part of the subsidy sanctioned was surrendered and requested that some alternate arrangements may be made in this respect. The subject was adjoined to the next meeting for taking a decision in consultation with the Dt.Agricultural Officer and the Deputy Registrar of C.S.

(2.) It was represented by some ryots that paddy seeds supplied from the [illegible] by the Agricultural department was sold at a higher rate then the purchase rate and they requested to sell it at the purchase rate with the necessary changes. The Agri- Demonstrator explained the Govt. orders in this respect.

7. Fixing date and place for meeting.

The Agricultural Demonstrator explained the Government orders in this respect.

(3,) It was resolved to request the Dt.Agricultural Officer to immediately visit the Hungappayya Kadi and give suggestions for the improvement of the forest which is mainly set apart for the growing of green manure by the ryots.

The R.D.O- is also requested to inspect the forest and offer his suggestions for its improvement.

4. Resolved to request the Government to give priority in the matter of supply of electricity from Jog Falls to Mulki firka which is a rural welfare and Communist Project area.

5.) Resolved to request the Government to include the construction of a bridge across the Payanje river in the Coast road in the quinquennium of the Post war road Development plan and take up the work giving it highest priority.

6.) The villagers represented that about one mile of the road in Halenagady may be got black topped. It was resolved to request the Divisional Engineer (H.W) to consider the suggestion favourably.

7.) The villagers requested that the Paduperar Higher Elementary school may be raised into a High school The special officer S.Kanara district Board will be addressed in the matter.

8.) The Manager of the Sri Subramania Aided Ele. school represented that he had applied for alienation of some lands for the play ground of the school and it has been held up. The R.D.O was requested to look into the matter at an early date.

9.) It was represented by some villagers that in spite of best efforts the sale of fish in done on the road side and not in the regular fish market? The District Health Officer was requested to take immediate action in the matter.

7. The next meeting will be held at Adyanadka Aided Higher Elementary school on 17.8.53 At 2 P.M.

The Chief Operation Engineer(South),
157, Mount Road, Madras--2.

To

The Secretary to Government,
Public Works Department, Madras.

No.2683 F/53-3, dt.29.10.53.

Sir,

Sub: ELECTRICITY-Pykara System-South Kanara District-Mulki Firka-Priority for supply of power from Jog falls.

Ref: Government Memo No.72047 E/53-1, dated 28th August,1953.

***.

The feasibility of extending supply of electricity to Mulki Firka Area was examined by the Superintending Engineer,Pykara Electricity System and it was found that a minimum load of 250 H.P. for power and 50 K.W. for lighting can be anticipated in the area in a period of three years. But it is not possible at present to extend supply from Mangalore as the firka area is situated about 18 miles to the north of Mangalore on the Coastal Road from Mangalore to Udipi.

However the scheme for Mulki area will be evolved by the Superintending Engineer,Pykara Electricity System sufficiently in advance of materialisation of the Mangalore Sub Station,under Jog Distribution Scheme (South Kanara Extensions) which is likely to take some time.

Memorandum No. 72041/533 d/ 9.1253

Sub:- Elecy-Pykara Elecy.System--South Kanara District--Mulki Firka-Extension of supply and construction of bridge across Pavanjee river--Resolutions of the District Rural Welfare Committee.

Ref:- From the Collector of South Kanara, No.B.7.16673.53., dated 1.8.53.

With reference to the extracts of resolutions passed by the District Rural Welfare Committee, forwarded with the letter cited, the Collector of South Kanara is informed as follows:--

(i) Priority for supply of elecy. to the Mulki Firka area:- The feasibility of extending supply of elecy. to the Mulki Firka area in South Kanara District has been investigated by the Government Elecy.Deptt. and it has not been found possible at present to extend supply to the area from Mangalore as the area is situated about 18 miles to the north of Mangalore on the Coastal Road from Mangalore to Udipi. However, the question of extending supply to the Mulki Firka area will again be considered by the Government Elecy.Deptt. sufficiantly in advance of the materialisation of the Mangalore Sub-Station under the Jog Distribution Scheme, which is likely to take sometime.

(ii) Priority for construction of bridge across Pavanjee river in Coast Road:- The attention of the Collector of South Kanara is invited to Government Memo.No.84533.A.53.1, PW

16

dated 14.10.1953, in which the position has already been explained.

12-11-53 12.11.53 15/11/53

To the Collector of South Kanara, Mangal
To the C.O.E.(S) w.r.t his letter No.26838/F. 53.3, dated 29.x.53.
Copy to 'A' Section.

12/12

Sub:-Rural Welfare - District Rural Welfare Committee meeting held on 20-7-53 - Copy of resolution.

Ref:-From the Collector of S.Kanara Ref.B7.16673/53 dated 1-8-53.

Please see the letter from the Collector of South Kanara at p. 1 c.f. together with the extract enclosed with it at p. 7 c.f.

2 The South Kanara Rural Welfare Committee at its meeting held on 20-7-53 has passed certain resolutions. This Deptt. is concerned with the following two resolutions:—

(i) Resolved to request the Govt. to give priority in the matter of supply of electricity from Jog falls to Mulki firka which is a rural welfare and Community Project area.

(ii) Resolved to request the Govt. to include the construction of a bridge across the Pavanjee river in the coast road in the quinquennium of the P W.R.D. Plan and take up the work giving it highest priority.

The Collector has recommended the first resolution. No information is available regarding the extension of supply of electricity to Mulki firka from Jog falls. A copy of the Collector's letter together with an extract of the resolution in this regard may be referred to the C.O.E.(S) for remarks.

A draft memo is put up for approval.

20.8.53

3 Construction of bridge across Pavanjee river in Coast road:- The work of constructing a bridge across the Pavanjee river at M.13/2 of the Mangalore Baindur road is included in the Comprehensive Post War Road Programme but not in the first five year plan of P.W.R.D. for 1947-52 and the Planning Commission's Five Year Plan for 1951-52 to 1955-56. The question of constructing this bridge was already examined at the request of certain residents of South Kanara and it was decided that the plan must be adhered to, that this

ork which was not included in the plan must wait and that it might be included in the next list of schemes to be financed from the C.R.F. allocations. The C.E.(H) had accordingly been asked to consider the inclusion of this work and also two other bridge works in preparing the next list of schemes to be financed from the C.R.F.

Already under the Five Year P.W.R.D.Plan 17 major bridges at an estimated cost of Rs.45 lakhs have been sanctioned. Some of these works have either been completed or are nearing completion. In view of the present financial stringency and as road works have only a low priority in the Five Year Plan of the Planning Commission it may not be possible to take up any further bridge works in the district.

(Issued as Memo.No.72047.E.53.I.P.W., dated 28.8.53).
(From the C.O.E.(S) No.2683.F.53.3, dated 29.x.1953).

The notes on pp.1--2 above and the C.O.E.(S)'s letter on p.13 cf. may be perused.

2. With reference to resolution No.(i) on p.1 ante, the C.O.E.(S) has reported that the feasiblity of extending supply of electricity to the Mulki Firka in South Kanara District was examined by the S.E., Pykara Elecy.System and that it was found that a minimum load of 250 H.P. for power and 50 K.W. for lighting could be anticipated in the area in a period of 3 years. He is of the view that it is not possible at present to extend supply from Mangalore as the firka area is situated about 18 miles to the north of Mangalore on the coastal road from Mangalore to Udipi. He has however, stated that the scheme for extension of supply of elecy. to the Mulki Firka area will be evolved by the S.E., Pykara Elecy.System

sufficiently in advance of materialisation of the Mangalore sub-station under the Jog Distribution Scheme(South Kanara Extensions), which is likely to take some time. //As regards the construction of bridge across the Pavanjee river in Coast Road the Collector of South Kanara has already been ~~approved~~ apprised of the position in Government Memo.No. 84533.A.53.I.P.W., dated 14.10.53.

3. Based on position stated above the Collector of South Kanara may be informed as in the draft memo. below.
